Envolve Vision is a leader in exceptional, tailored vision benefits and services for Medicaid, Medicare, and Marketplace member products. Every quarter we will share key news that you can use to best serve your patients.

New Year, New Patients in View

With 2023 just around the corner, Envolve Vision is adding new members and providers to our Medicare and Marketplace health plans.

Our parent company, Centene, includes vision coverage in 100% of its Medicare plans. With 1.6 million Medicare and 2 million Marketplace members across the country, providers in your office are likely contracted to see our Wellcare*, Ascension Complete, and Ambetter patients when they call for a vision appointment.

- Learn more about all plans in your state at envolvevision.com/mystate.
- Easily verify member eligibility at envolvevision.com/logon.

Still not sure which plans are included?

Give us a call. We're here to help. Thank you for welcoming our new members to your practice.

Ambetter Changes for 2023

Ambetter Health is America's #1 Marketplace health insurance*, with Envolve serving more than 2,000,000 members in 25 states.

Ambetter plans are designed for individuals and families who may not qualify for Medicaid or other health coverage. More than 90% of Ambetter members are eligible for subsidies. Envolve offers quality, comprehensive, and affordable Exchange plans for any budget.

This year, we're pleased to welcome new providers and members in **Alabama**.

**Statistical claims and the #1 Marketplace Insurance statement are in reference to national on-exchange marketplace membership and based on national Ambetter data in conjunction with findings from 2021 Rate Review data from CMS, 2021 State-Level Public Use File from CMS, state insurance regulatory filings, and public financial filings.*

Coming Soon – Annual Provider Compliance Training

To comply with CMS training requirements related to First Tier, Downstream and Related Entities (FDR), all Medicare contracted providers are required annually to attest that they have completed the Medicare Compliance Trainings for themselves and their staff. We have implemented a new process for disseminating the trainings and attestations through the Envolve Vision website to make it a more seamless process for providers. In the coming weeks, you will receive an email from EBO Communications with instructions on how to access the new website.

Disability Access is Crucial to Your Patients

Help Envolve provide its members and your patients access to accessibility details and other information that makes visiting your office and receiving quality healthcare and services easier. By participating in the Provider Accessibility Initiative (PAI), you will ensure that these members have the most up-to-date information on your location on our Find a Provider tool. Since this information is self-reported by you, your participation is especially valuable to the most vulnerable people in our communities.

We understand how important your time is. We believe everyone deserves equal access to quality healthcare and services. You can help make that a reality. [Please fill out the survey](#). It only takes a few minutes per location and will make a world of difference to the patients who need the most help!
